

Do you have YOURS ?

If you already have the green emergency address sign at your place, GREAT! You are increasing the likelihood of a good outcome in the event of an emergency at your place because medical, fire, and law personnel can find you easily, especially at night.

YIKES! Sad but true...

...only 25% of cottages have put up a green emergency house number sign...meaning roughly 340 cottages are lacking this critical element to help emergency response personnel find your home or cottage.

If you don't have one yet, **make 2010 the year to do it.** Just follow these easy steps:

1. Decide on horizontal or vertical, & the location to install -- in most cases you'll want it near the road, and near your driveway.
2. **Call 544-0043.** You'll talk with Becky or Kevin Tubbs (our Fire Chief).
3. Give them your house numbers, and indicate either a vertical or horizontal sign.
4. They will call you when it's ready to pick up (usually about a week). Cost -- \$12, cash or check.
5. Install at about mailbox height (above the snowplow line). Mount it perpendicular to the road for best visibility.

What about this?

If you haven't submitted a House Record form yet, **do it today.**

This also helps emergency personnel to better help you. Fill out as much of the form as you care to share -- it's all optional.

If you previously submitted a form, has anything changed? Keep the Sheriff Dept. updated so they always have current information. Keep a copy of the form you submit to track updates.

CLARE COUNTY 9-1-1
Neighborhood Watch Program House Record

Last Name _____ First Name _____ Date _____
In an emergency, contact me at (phone nos.) _____
Cottage Address _____ Township _____

You'll find the form at
